

2019 TOMATO GRAFTING SERVICES

INTERESTED IN USING GRAFTED TOMATO PLANTS AT YOUR FARM?

Kansas State University Olathe Horticulture Center is offering tomato grafting services for the 2019 growing season.

HOW IT WORKS

YOU PROVIDE: Both scion and rootstock seed - **30% more seed (scion and rootstock) than plants requested.** Seed must be provided to the Olathe Horticulture Center no later than 8 weeks before your requested pick up date. You must pick up your order from the Olathe Horticulture Center.

K-STATE PROVIDES: Successfully grown, grafted tomato plants 8 weeks after we receive seed from you.

PRICING

\$1.50/plant Minimum order: 250 plants.
Varieties must be ordered in blocks of 50.

PLACE AN ORDER OR REQUEST INFO: Paul Andersen, Paul55@ksu.edu

LIMITED AVAILABILITY

FIRST COME FIRST SERVE -- Contact ASAP to reserve your spot!

Pick up location: 35230 W 135th St, Olathe, KS 66061

Note: Grafting takes 8 weeks from sowing to completion. Please provide seed early enough for us to meet your requested in-hands date. Thank you.
